

INDUSTRIAL PEACE

Peace Conference in July in Frisco.

NOTED MEN TO BE PRESENT

Conference Expected To Result In Condition of Permanent Industrial Peace In City—Several Cabinet Members Will Be In Attendance.

SAN FRANCISCO, June 26.—A call for a new industrial peace conference to meet in this city in July, has been issued by the conciliation committee the encouragement of President Roosevelt. The committee expects that this national conference will effect a condition of permanent industrial peace in this city, and show to the east that the labor conditions are not entirely hopeless and that the rumors that the "Toon is to be tied up," are false. The provisional dates for the meeting are July 18, 19 and 20.

At this gathering, it is proposed to organize a branch of the national city federation. President Benjamin Ide Wheeler of the University of California, who is now in the East, will bring the conference authority for the establishment branch of that organization. The gathering will be attended by three and possibly four members of President Roosevelt's cabinet and by 1200 delegates from California and the East. Many labor leaders are expected to be present, including Samuel Gompers and John Mitchell.

These cabinet members whose attendance is assured are Secretary of the Navy McCall, Secretary of Commerce and Labor Oscar S. Straus, and Secretary of the Interior of the Interior Garfield.

In planning the conference the conciliation committee will have the active co-operation of the Chamber of Commerce of San Francisco, the California Promotion committee, the Civic League of San Francisco, the San Francisco Church Federation, the California Club and similar organizations.

CLEVELAND PAST CRISIS.

Ex-President Suffering From Stomach Trouble Is Out of Danger.

NEW YORK, June 26.—Advice from Princeton, N. J., early today, announced that ex-President Grover Cleveland last night passed the danger point of another serious attack of his sickness. He had been seriously ill for some days. The crisis has now safely passed and Mr. Cleveland's recovery is looked for. Mr. Cleveland was stricken just after the beginning of the commencement at Princeton University. The attack was diagnosed as stomach or intestinal trouble. So alarming did his condition become last Saturday that Dr. Carnochan and Dr. Bryant summoned in consultation in Princeton, Drs. E. G. Janeway and Andrew J. McCosh, New York

specialists. On Sunday the patient's condition remained the same. Fearing a desperate siege plans were made by the physicians to have the spacious Cleveland grounds roped off and privately policed to prevent the intrusion of strangers, and to prevent unnecessary noise.

Mr. Cleveland will be confined to his home for some time and it is expected have to spend his entire summer in seclusion.

ORCHARD CORROBORATED.

Prosecution In Boise Trial Weaves Skillful Chain of Evidence.

BOISE, June 26.—With the opening of court this morning the State of Idaho will continue the introduction of evidence supporting the story told by Harry Orchard in the course of his occupancy of the witness chair for seven days. There remain some few points to be corroborated, but up to the present the chain has been woven with skill and nearly every major and minor statement made by Orchard has been corroborated by substantial witnesses. The planting of the bomb at the gate of Justice Goddard of the Supreme Court of Colorado, which Orchard said was done at the behest of the "Inner Circle" of the Western Federation was corroborated by the Justice himself and the methods of his testimony showed clearly the legal mind of the man who, finding a bomb at his gate loaded with giant caps and dynamite with all of the appliances described by Orchard as the invention of one of his co-conspirators, sealed the evidence in envelopes carrying the signature of the finders including the then adjutant general of the state and then sealed them in a steel vault. The seals were only broken in the presence of the judge himself who identified them and their contents in open court, himself opening each envelope and himself accounting for the explosion in his presence of the dynamite which was dangerous to keep.

Judge Wood will this morning enumerate the articles from the Miners' magazine he proposes to admit as evidence. It is presumed that he will allow only those articles that advise the members of the order to carry arms in defense of their rights to go before the jury. A number of the publications offered by the state as evidence are purely of a political nature and have no possible connection with a conspiracy to murder.

The telegrams delivered to Orchard in San Francisco and which he stated brought him money from Pettibone and through Pettibone from Haywood have yet to be introduced as evidence. They have a most important bearing as corroborative matter. Counsel for the state expected them to be brought in today and are confident that they will be able to produce them in court.

Young Charlie Neville will not go on the stand until he is needed in rebuttal of any testimony the defense may produce. The same thing is true of Bulkley Wells, the former adjutant general

of the State of Colorado, who left Boise last night and will not return until he is needed. Mr. A. M. Stevenson, the member from Colorado of the National Republican committee who has been here for the last two days and who was expected to testify also left yesterday. He will not be called unless he is needed in rebuttal. Steve Adams will not be put on the stand by the state under the present arrangement, unless the plans are changed. It is believed the introduction of his direct testimony would not help the state's case because it is anticipated he would persist in his refusal to testify against Haywood.

A large number of important witnesses for the defense arrived in the city last night and today and are quartered at the hotels in Boise.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orino Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified endorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes: "For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.
